

Terms of Use & Website Services

1. Acceptance of Terms

These Terms of Use and Website Services (“Terms”) are entered into by and between you (“User,” “you,” or “your”) and Daedalus AI Holdings LLC, an Illinois limited liability company with its principal place of business at 1919 West Greenleaf, Chicago, Illinois 60626 (“Daedalus,” “we,” “us,” or “our”).

These Terms govern your access to and use of Daedalus’ publicly accessible website located at www.daedalus.ai, any related subdomains, web-based demonstration environments, documentation portals, evaluation or preview access, publicly available APIs, and any related content, materials, or online functionality (collectively, the “Website and Services”).

By accessing or using the Website and Services, you acknowledge that you have read, understand, and agree to be bound by these Terms. If you do not agree, you must not access or use the Website and Services.

If you or the entity you represent enter into a separate written agreement with Daedalus, including a Master Services Agreement (“MSA”), Order Form, or other negotiated contract, that agreement shall govern to the extent of any conflict with these Terms.

2. Eligibility and Authority

The Website and Services are intended solely for business and institutional use. By accessing or using the Website and Services, you represent and warrant that you are at least eighteen (18) years of age and are accessing the Website and Services either on your own behalf for legitimate business purposes or on behalf of an entity with authority to bind that entity to these Terms.

The Website and Services are not directed to minors and are not intended for personal, household, or consumer use.

3. Scope of Permitted Use

Subject to your compliance with these Terms, Daedalus grants you a limited, non-exclusive, non-transferable, non-sublicensable, revocable right to access and use the Website and Services solely for legitimate business evaluation, informational, and pre-contractual purposes.

No ownership interest is conveyed. Except for the limited right expressly granted herein, Daedalus retains all right, title, and interest in and to the Website and Services, including all associated intellectual property rights.

You may not use the Website or Services in any manner inconsistent with these Terms, applicable law, or any written authorization provided by Daedalus.

4. Restrictions on Use

You agree that you shall not, directly or indirectly, attempt to reverse engineer, decompile, disassemble, or otherwise derive the source code, underlying ideas, algorithms, model weights, system prompts, safety filters, policy configurations, guardrails, or architectural structure of the Website or Services, except to the limited extent expressly permitted by applicable law.

You shall not attempt to extract, reconstruct, replicate, benchmark, or infer the operation of underlying artificial intelligence models or orchestration systems, nor attempt to bypass, disable, manipulate, or evade technical safeguards, usage limits, authentication controls, or monitoring mechanisms.

You shall not scrape, harvest, systematically download, or aggregate Website content; conduct penetration testing, vulnerability scanning, or security testing without prior written authorization; introduce malicious code; interfere with system integrity; or use any outputs generated through the Services to train or develop competing artificial intelligence systems.

Any use inconsistent with these restrictions constitutes a material breach of these Terms and may result in immediate suspension or termination of access.

5. Intellectual Property

All content, software, documentation, visual interfaces, trademarks, service marks, logos, text, graphics, models, workflows, methodologies, and related materials made available through the Website and Services are owned by Daedalus or its licensors and are protected by intellectual property laws.

No rights are granted by implication, estoppel, or otherwise beyond the limited access rights expressly set forth herein.

Any unauthorized use, reproduction, distribution, modification, or derivative creation constitutes infringement and may subject you to civil and criminal liability.

6. Artificial Intelligence Functionality and Output Disclaimers

The Website and Services may include artificial intelligence-enabled features capable of generating text, code, recommendations, analyses, or other content (“Generated Output”).

You acknowledge and agree that Generated Output is produced by probabilistic systems and may contain inaccuracies, hallucinations, incomplete analysis, logical errors, security vulnerabilities, or other defects. Generated Output is not guaranteed to be accurate, complete, unique, secure, or fit for any particular purpose.

Generated Output does not constitute legal, regulatory, financial, compliance, or professional advice. You are solely responsible for independently reviewing, validating, testing, and approving any Generated Output prior to reliance, deployment, or operational use.

Daedalus does not warrant any business, regulatory, security, or operational outcome resulting from Generated Output.

Nothing in these Terms transfers ownership of underlying models or model architecture. Generated Output may be similar to outputs generated for other users.

7. No Model Training on User Submissions

Consistent with Daedalus' enterprise commitments, Daedalus does not use submissions made through the Website or Services to train underlying artificial intelligence models. However, Daedalus may use aggregated or de-identified technical telemetry solely to maintain, secure, and improve system performance.

8. Evaluation, Beta, and Preview Access

Any demonstration, preview, beta, sandbox, or evaluation environment made available through the Website is provided on a temporary, revocable, "as is" basis for evaluation purposes only.

Such access may include experimental or incomplete features, may be modified or discontinued at any time, and is not subject to service level commitments or availability guarantees.

Daedalus reserves the right to suspend or revoke evaluation access at its discretion.

9. Privacy and Data Handling

Personal information collected through the Website is governed by the Daedalus Privacy Policy. Where Daedalus processes personal information contained within Customer Data under a separately executed enterprise agreement, such processing shall be governed exclusively by the applicable Data Processing Addendum.

Users should not submit highly sensitive personal data, regulated financial data, export-controlled information, or classified information through public Website forms unless expressly authorized in writing by Daedalus.

10. Security and Monitoring

Daedalus implements administrative, technical, and organizational safeguards designed to protect the integrity of the Website and Services. You acknowledge that Daedalus may monitor usage activity for security, compliance, and abuse prevention purposes consistent with applicable law.

Unauthorized attempts to access restricted systems, probe vulnerabilities, or interfere with monitoring controls are strictly prohibited.

11. Disclaimer of Warranties

THE WEBSITE AND SERVICES ARE PROVIDED "AS IS" AND "AS AVAILABLE," WITHOUT WARRANTIES OF ANY KIND.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, DAEDALUS DISCLAIMS ALL WARRANTIES, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, ACCURACY, SECURITY, AND AVAILABILITY.

Daedalus does not warrant uninterrupted operation, absence of errors, or protection against all security threats.

12. Limitation of Liability

TO THE MAXIMUM EXTENT PERMITTED BY LAW, DAEDALUS SHALL NOT BE LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE DAMAGES ARISING OUT OF OR RELATED TO THESE TERMS OR YOUR USE OF THE WEBSITE AND SERVICES.

DAEDALUS' TOTAL AGGREGATE LIABILITY ARISING OUT OF OR RELATING TO THESE TERMS OR THE WEBSITE AND SERVICES SHALL NOT EXCEED ONE HUNDRED U.S. DOLLARS (USD \$100), REGARDLESS OF THE FORM OF ACTION OR LEGAL THEORY.

These limitations apply even if a remedy fails for its essential purpose.

13. Indemnification

You agree to defend, indemnify, and hold harmless Daedalus and its officers, employees, and agents from and against any claims, liabilities, damages, losses, and expenses arising out of or relating to your violation of these Terms, misuse of the Website and Services, deployment of Generated Output without appropriate validation, or violation of applicable law.

14. Export Compliance

You agree not to access or use the Website or Services in violation of United States export control laws or sanctions regulations. Access from jurisdictions subject to comprehensive U.S. embargo may be restricted.

15. Modifications

Daedalus may update these Terms from time to time. Updated Terms will be effective upon posting. Continued use after updates constitutes acceptance.

16. Governing Law and Venue

These Terms are governed by the laws of the State of Illinois, without regard to conflict of law principles. Any dispute arising under these Terms shall be resolved exclusively in the state or federal courts located in Cook County, Illinois. The parties waive any right to a jury trial in connection with any dispute arising under these Terms.

17. Termination

Daedalus may suspend or terminate access to the Website and Services at any time for violation of these Terms, security risk, or operational necessity.
